GPS-Based Monitoring System

The FAA has agreements with ARINC Inc. and CSSI Inc. under which the FAA provides these private-sector firms with GPS-based Monitoring Units, receiving in turn from them accurate aircraft geometric height estimates. It should be noted that monitoring services provided to operators are in accordance with fee schedules established by these firms

The contact information for ARINC and CSSI are as follows:

ARINC, Inc. GMU Operations:

Tel +1 410-266-4707

Fax +1 410-573-3007
